New to LAS Links Online

New Customers Welcome to LAS Links Online

Welcome to LAS Links Online! You will find on this page the documents that are most useful to new users of LAS Links Online. Please refer to them as necessary to assist you with product familiarization, software installation, workstation setup and configuration, rostering students and users, scheduling test sessions, and other tasks as you prepare for testing.

[LAS Links Online Quick Start Sheet](#)

[LAS Links Online Scoring Quick Guide](#)

[LAS Links Online User's Manual](#)

[LAS Links Online Start Guide for Administrators](#)

[LAS Links Online Tips and Reminders](#)

Please make copies of the following documents available to your technical support staff. They contain valuable information to assist with confirming student workstation and network requirements, installation of the software on the student workstations, and downloading the encrypted test content to reduce the amount of network bandwidth used during testing.

Online Reporting System

The Online Reporting System is a powerful Web-based reporting solution that provides you with immediate access to student test data. With a few clicks of the mouse can quickly and easily retrieve assessment data, create customized reports, aggregate and disaggregate data, and provide complete student assessment profiles.
