

EXCEPTIONAL EDUCATION INTERVENTION SERVICES

Reading and math intervention services are provided to students within the Exceptional Education Department whose assessment scores show severe gaps in their learning. Reading intervention services involve coaching students in a one-on-one setting to improve their literacy. This includes a focus on the foundational skills of phonemic awareness, phonics, vocabulary, fluency, and comprehension (i.e., Science of Reading). Math intervention reteaches and reinforces any skill in which a student is not proficient.
